

## Prevent Mail Merge Warning Messages

1. Identify which version of office is installed on your system - 2003 or 2007. This is labeled on the shortcuts in your start menu.

2. Download the "Prevent Mail Merge Warnings.zip" file from the *Other Support Files page* on [www.meta-office.com](http://www.meta-office.com).
3. Double-Click either "Office 2003 SQL Reg.reg" or "Office 2007 SQL Reg.reg".
